Independent Auditor's Report

To the Members of
Ontario Federation of Agriculture

We have audited the accompanying financial statements of Ontario Federation of Agriculture which comprise the statement of financial position as at August 31, 2017, the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ontario Federation of Agriculture at August 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Ontario Federation of Agriculture

Notes to the Financial Statements

August 31, 2017

1. Nature of operations

The Ontario Federation of Agriculture (the "Federation" and/or the "OFA") was incorporated without share capital August 23, 1956 under the laws of Ontario and works collaboratively towards a profitable, sustainable future for Ontario farmers.

The Federation is an accredited general farm organization under the *Farm Registration and Farm Organizations Funding Act, 1993* (the "Act").

2. Summary of significant accounting policies

Basis of presentation

The Federation has prepared these financial statements in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO). The following is a summary of significant accounting policies adopted by the Federation in the preparation of the financial statements.

Revenue recognition

During fiscal 2013, the Federation received an accreditation ruling from the Agriculture, Food and Rural Affairs Appeals Tribunal (the Tribunal). The Tribunal ruled that farmers who have paid the Farm Business Registration (FBR) fee to OFA are supporters of OFA. They are not members of OFA until they have signed a membership agreement with the OFA. Accordingly, commencing in 2013, the OFA has established a two-step process, whereby when the farmer pays their registration fee they are sent a membership agreement. If they sign and return the membership agreement, then they become eligible for membership benefits. There is no additional fee required. The difference between a member and a supporter is voting rights. A supporter who returns their membership agreement becomes a member and has voting rights.

As a result of the Tribunal ruling, the characteristics of the fee has changed to only be a FBR fee for which OFA does not have to provide any benefits; hence this becomes a contribution which is recognized as revenue when received.

The Federation follows the deferral method of accounting for contributions. Unrestricted contributions are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions restricted by the donor are deferred when received and recognized as revenue in the year in which the related expenses are recognized.

Management fees and other income are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Ontario Federation of Agriculture

Notes to the Financial Statements

2. Summary of significant accounting policies (continued)

Project funds received in advance are for ongoing projects under contract from various sources. The sources will advance the Federation funds before the actual expenditure is incurred. The money advanced is recorded as a liability until the related expense is paid.

Deferred revenue includes unearned sponsorships and registration fees for the annual convention held after year-end.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks and other institutions and term deposits with maturities of three months or less.

Capital assets

Capital assets are recorded at cost. Depreciation and amortization are recorded as follows:

Furniture and equipment	- 20% declining balance
Leasehold improvements	- straight line over the remaining term of the lease
Computer hardware	- 3 years straight line
Computer software	- 3 years straight line

When a capital asset no longer has any long-term service potential to the Federation, the excess of its net carrying amount over any residual value is recognized as an expense in the statement of operations. Any write-downs recognized are not reversed.

Investments

Bonds, equities and mutual funds shares are classified as held for trading and are carried at fair value. Investments in shares included in long-term investments for which there is no active market have been designated as available-for-sale and are recorded at cost. If the value of an investment has permanently declined, the investment is written down to net realizable value.

Employee future benefits obligation

The Federation uses the immediate recognition approach to account for its defined benefit pension plans. The accrued benefit obligations are determined using the most recent actuarial valuation report prepared for funding purposes.

Plan assets are measured at fair value.

The Federation recognizes the plan's unfunded deficit, which is the net amount of the accrued benefit obligations and the fair value of plan assets on the statement of financial position.

The unrealized market related decrease (increase) in the pension obligation and the valuation allowance have been charged directly to net assets. Market volatility surrounding investments on pension assets and bond rates used to determine pension liabilities will have a significant impact on the funded status of the plan in any given year.

Ontario Federation of Agriculture

Notes to the Financial Statements

August 31, 2017

2. Summary of significant accounting policies (continued)

Current year benefit costs, interest on accrued benefit obligation, administrative costs and interest on plan assets are included in the cost of the plan for the year in the statement of operations.

Income taxes

The Federation is a non-profit Federation and is exempt from income taxes under section 149(1)(e) of the Income Tax Act.

Use of estimates

In preparing the Federation's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of income and expenses during the period. Actual results could differ from these estimates.

These estimates are reviewed periodically and adjustments are made to excess of income over expenses as appropriate in the year they become known.

Items subject to significant management estimates include valuation of investments and employee future benefit obligation.

Financial instruments

The Federation's financial instruments are measured at fair value when issued or acquired. For financial instruments subsequently measured at cost or amortized cost, fair value is adjusted by the amount of the related financing fees. Financing fees relating to financial instruments that are measured subsequently at fair value are recognized in operations in the year in which they are incurred.

At each reporting date, the Federation measures its financial assets and liabilities at cost or amortized cost (less impairment in the case of financial assets). The financial instruments measured at amortized cost are cash and cash equivalents, project funds receivable, receivables, investments other than bonds, equities and mutual funds, cash surrender value of life insurance, payables and accruals, and project funds received in advance.

For financial assets measured at cost or amortized cost, the Federation regularly assesses whether there are any indications of impairment. If there is an indication of impairment, and the Federation determines that there is a significant adverse change in the expected timing or amount of future cash flows from the financial asset, it recognizes an impairment loss in the statement of operations. Any reversals of previously recognized impairment losses are recognized in operations in the year the reversal occurs.

3. Cash

The Federation's bank account is held at one credit union.

The Federation has access to an operating loan of \$500,000 to assist with day to day operating expenses. The facility bears interest at the prime rate plus 0.75%. As security for the operating loan, the Federation has provided an assignment of bond investments held with RBC Dominion Securities Inc. for an amount not less than \$500,000. At August 31, 2017 the Federation has not accessed this facility.

The Federation has a term deposit of \$1,000,000, bearing interest at 1.14% per annum and maturing September 18, 2017.

The Co-operators Group Limited Class B Preferred Shares pay an annual dividend. The dividend rate for 2016 was 5% (2016 – 5%).

7. Cash surrender value life insurance

Included in this account is one life insurance policy held by the Federation. During the year, one of the life insurance policies was collected at face value of the policy of \$500,000 (2016 - \$500,000). The remaining balance of \$250,507 (2016 - \$243,007) has been presented at the cash surrender value and presented as long-term asset on the statement of financial position.

Ontario Federation of Agriculture Notes to the Financial Statements

August 31, 2017

8. Pension liability

The OFA is making voluntary top-up payments to retirees of the Ontario Trusteed Pension Plan ("the insolvent plan") that was wound up in 2012. Using a discount rate of 2.80% (2016 - 2.4%) the future liability of the top-up to 90% for the retirees of the Federation has been estimated at \$201,300 (2016 - \$201,500). During the year ended August 31, 2017 voluntary payments of \$20,977 (2016- \$21,177) were made to retirees of the Federation who are only receiving 67% of their original pension entitlement from the insolvent plan. A recovery of \$200 (2016 - \$11,600) has been recorded in the financial statements reflecting a change in the present value of the liability during the year.

9. Budget

The budget figures as presented were approved by the Board of Directors at the July 2016 Board meeting and are unaudited.

10. Employee future benefits obligation

The Federation has a single employer defined benefit pension plan. Benefits are based upon a percentage of an employee's best average earnings multiplied by pensionable service. As of April 1, 2014, the benefit formula changed to career average. The latest actuarial valuation for funding purposes was performed as at April 1, 2016. The fair value of plan assets and accrued benefit obligation are as follows:

	<u>2017</u>	<u>2016</u>
Fair value of plan assets	\$ 8,464,800	\$ 7,981,200
Accrued benefit obligation	(7,092,700)	(8,040,700)
Valuation allowance	<u>(1,372,100)</u>	<u>0</u>
Employee future benefit obligation	<u>\$ 0</u>	<u>\$ (59,500)</u>

The effective date of the next required actuarial valuation for funding purposes is April 1, 2017.

The total benefit cost recognized for the year is as follows:

	<u>2017</u>	<u>2016</u>
Current year benefit cost	\$ 172,049	\$ 136,500
Interest on accrued benefit obligation	333,100	314,000

Canadian Equity	30%	34%
US Equity	15%	13%
International Equity	<u>15%</u>	<u>16%</u>
	<u>100%</u>	<u>100%</u>

The significant assumptions adopted in measuring the Federation's accrued benefit obligation are as follows:

	<u>2017</u>	<u>2016</u>
Discount rate	5.25%	4.00%
Expected long-term rate of return on plan assets	4.00%	3.53%
Rate of compensation increase	3.00%	3.00%

Other information about the Federation's defined benefit plan is as follows:

	<u>2017</u>	<u>2016</u>
Employer contributions	\$ 281,649	\$ 230,400
Employee contributions	278,900	239,300
Benefits paid	242,000	167,700

The Federation's plan provides that annual contributions to the plan (excluding top-up payments) will be split on a 50/50 basis between employees and the Federation.

- b) As an accredited farm organization, the Federation has a commitment to pay to the L'Union des Cultivateurs Franco-Ontariens ("UCFO") each year an amount equal to 1.5% of its registration revenue less refunds from the payments received from all farming businesses pursuant to the Farm Registration and Farm Organizations Funding Act 1993 (the 'Act'). This commitment exists for all accredited general farm organizations.

12. Project management revenues

The Federation is engaged by various parties to administer the following programs. The Federation's involvement varies by program and is outlined in the respective agreements. The fees earned for these activities are included in income. Where the Federation is active in managing and/or delivering the program, the related revenue and expenses are reported in the statement of operations. Where the Federation has an oversight or an administrative role and the delivery is provided by another party, the activities related to these contracts are reflected in the transactions reported through the project fund accounts of the Federation, and are not included in the statement of operations.

Project management revenues and expenses are comprised of the following:

		<u>2017</u>	
<u>2016</u>			
Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA)	(A)	\$ 22,792	\$ 70,789
Other		<u>681,555</u>	<u>228,567</u>

13. Project funds received in advance

Project funds received in advance represents unspent project funds. During the year, the Federation incurred expenditures and received monies from funding arrangements as follows:

	<u>2017</u>	<u>2016</u>
Opening balance	\$699,924	\$700,309
Expenditures incurred	(381,218)	(125,312)
Additional monies received in current year	<u>345,747</u>	<u>124,927</u>
Closing Balance	<u>\$664,453</u>	<u>\$699,924</u>

14. Financial instruments risk

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Federation is exposed to credit risk resulting from the possibility that a customer or counterparty to a financial instrument defaults on their financial obligations. The Federation's financial instruments that are exposed to concentrations of credit risk relate primarily to project funds receivable and receivables. This risk has not changed from the previous year.

Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Federation is exposed to other price risks on its investments, which include investments in shares and bonds and on the accrued pension obligation. The risk has not changed from the previous year.
