Dear Mr. LaRose;

RE: Production insurance plan for winter rye

The Ontario Federation of Agriculture (OFA) is Canada's largest voluntary general farm organization, representing more than 37,000 farm family businesses across Ontario. These farm businesses form the backbone of a robust food system and rural communities with the potential to drive the Ontario economy forward.

At OFA's 2018 Annual General Meeting, a resolution highlighted the need for winter rye insurance coverage. OFA is requesting that Agricorp develop a production insurance plan for winter rye. We also ask that Agricorp keep us informed of progress in developing this important coverage.

Sincerely,

Keith Currie
President
