### Independent Auditor's Report

To the Members of Ontario Federation of Agriculture

#### **Opinion**

We have audited the financial statements of Ontario Federation of Agriculture (the Federation), which comprise the statement of financial position as at August 31, 2020, and the statements of changes in net assets, revenue and expenditures and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Federation as at August 31, 2020 and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Federation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Federation's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error

Tel: 519 824 5410 Fax: 519 824 5497 Toll-free: 877 236 4835

www.bdo.ca

BDO Canada LLP 512 Woolwich Street Guelph ON N1H 3X7 Canada

and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error,
  as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
  of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### 1. Nature of operations

The Ontario Federation of Agriculture (the "Federation" and/or the "OFA") was incorporated without share capital August 23, 1956 under the laws of Ontario and works collaboratively towards a profitable, sustainable future for Ontario farmers.

The Federation is an accredited general farm organization under the *Farm Registration and Farm Organizations Funding Act*, 1993 (the "Act").

#### 2. Summary of significant accounting policies

#### **Basis of presentation**

The Federation has prepared these financial statements in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO). The following is a summary of significant accounting policies adopted by the Federation in the preparation of the financial statements.

#### Revenue recognition

During fiscal 2013, the Federation received an accreditation ruling from the Agriculture, Food and Rural Affairs Appeals Tribunal (the Tribunal). The Tribunal ruled that farmers who have paid the Farm Business Registration (FBR) fee to OFA are supporters of OFA. They are not members of OFA until they have signed a membership agreement with the OFA. Accordingly, commencing in 2013, the OFA has established a two-step process, whereby when the farmer pays their registration fee, they are sent a membership agreement. If they sign and return the membership agreement, then they become eligible for membership benefits. There is no additional fee required. The difference between a member and a supporter is voting rights. A supporter who returns their membership agreement becomes a member and has voting rights.

As a result of the Tribunal ruling, the characteristics of the fee has changed to only be a FBR fee for which OFA does not have to provide any benefits; hence this becomes a contribution which is recognized as revenue when received.

The Federation follows the deferral method of accounting for contributions. Unrestricted contributions are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions restricted by the donor are deferred when received and recognized as revenue in the year in which the related expenses are recognized.

Management fees and other income are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

August 31, 2020

#### 2. Summary of significant accounting policies (continued)

Project funds received in advance are for ongoing projects under contract from various sources. The sources will advance the Federation funds before the actual expenditure is incurred. The money advanced is recorded as a liability until the related expense is paid.

Deferred revenue includes unearned sponsorships and registration fees for the annual convention held after year-end.

#### Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks and other institutions and term deposits with maturities of three months or less.

#### Capital assets

Capital assets are recorded at cost. Depreciation and amortization are recorded as follows:

Furniture and equipment - 20% declining balance

Leasehold improvements - straight line over the remaining term of the lease

Computer hardware - 3 years straight line
Computer software - 3 years straight line
Buildings - 4% declining balance

When a capital asset no longer has any long-term service potential to the Federation, the excess of its net carrying amount over any residual value is recognized as an expense in the statement of operations. Any write-downs recognized are not reversed.

#### Investments

Bonds, equities, and mutual funds shares are classified as held for trading and are carried at fair value. Investments in shares included in long-term investments for which there is no active market have been designated as available-for-sale and are recorded at cost. If the value of an investment has permanently declined, the investment is written down to net realizable value.

#### **Employee future benefits obligation**

The Federation uses the immediate recognition approach to account for its defined benefit pension plans. The accrued benefit obligations are determined using the most recent actuarial valuation report prepared for funding purposes.

Plan assets are measured at fair value.

The Federation recognizes the plan's unfunded deficit, which is the net amount of the accrued benefit obligations and the fair value of plan assets on the statement of financial position.

The unrealized market related decrease (increase) in the pension obligation and the valuation allowance have been charged directly to net assets. Market volatility surrounding investments on pension assets and bond rates used to determine pension liabilities will have a significant impact on the funded status of the plan in any given year.

August 31, 2020

#### 2. Summary of significant accounting policies (continued)

Current year benefit costs, interest on accrued benefit obligation, administrative costs and interest on plan assets are included in the cost of the plan for the year in the statement of operations.

#### Income taxes

The Federation is a non-profit Federation and is exempt from income taxes under section 149(1)(e) of the Income Tax Act.

#### Use of estimates

In preparing the Federation's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of income and expenses during the period. Actual results could differ from these estimates.

These estimates are reviewed periodically, and adjustments are made to excess of income over expenses as appropriate in the year they become known.

Items subject to significant management estimates include valuation of investments and employee future benefit obligation.

#### **Financial instruments**

The Federation's financial instruments are measured at fair value when issued or acquired. For financial instruments subsequently measured at cost or amortized cost, fair value is adjusted by the amount of the related financing fees. Financing fees relating to financial instruments that are measured subsequently at fair value are recognized in operations in the year in which they are incurred.

At each reporting date, the Federation measures its financial assets and liabilities at cost or amortized cost (less impairment in the case of financial assets). The financial instruments measured at amortized cost are cash and cash equivalents, project funds receivable, receivables, investments other than bonds, equities and mutual funds, cash surrender value of life insurance, payables and accruals, and project funds received in advance.

For financial assets measured at cost or amortized cost, the Federation regularly assesses whether there are any indications of impairment. If there is an indication of impairment, and the Federation determines that there is a significant adverse change in the expected timing or amount of future cash flows from the financial asset, it recognizes an impairment loss in the statement of operations. Any reversals of previously recognized impairment losses are recognized in operations in the year the reversal occurs.

August 31, 2020

#### 3. Cash

The Federation's bank account is held at one credit union.

The Federation has access to an operating loan of \$500,000 to assist with day to day operating expenses. The facility bears interest at the prime rate plus 0.75%. As security for the operating loan, there is a general security agreement providing a first charge over the assets of the Federation. Also, the Federation has provided an assignment of bond investments held with RBC Dominion Securities Inc. for an amount not less than \$500,000. At August 31, 2020 the Federation has not accessed this facility.

The Federation has 1 term deposit as of August 31, 2020 for \$1,400,000, bearing interest at .253% per annum and maturing September 24, 2020.

#### 4. Capital assets

						<u>2020</u>		<u>2019</u>

Depreciation on capital assets for the year \$84,811 (2019 - \$81,100) and has been included in overhead expense.

In 2018, the Federation purchased a parcel of vacant land to build their own office building. The land was purchased for a total cost of \$668,109. The land address is 200 Hanlon Creek Blvd, Guelph Ontario.

As of August 31, 2020, the building was not ready for use and no depreciation has been taken.

The Co-operators Group Limited Class D shares are automatically redeemable five years from issuance, and they pay an annual dividend. The dividend rate for 2020 was 5% (2019 – 5%). These shares can be sold to or purchased from other members of the Co-operators Group Limited.

The Co-operators Group Limited Class B Preferred Shares pay an annual dividend. The dividend rate for 2020 was 5% (2019 - 5%).

August 31, 2019

#### 7. Cash surrender value life insurance

Included in this account is one life insurance policy held by the Federation. The remaining balance of \$273,007 (2019 - \$268,372) has been presented at the cash surrender value and presented as long-term asset on the statement of financial position.

#### 8. Pension liability

The OFA is making voluntary top-up payments to retirees of the Ontario Trusteed Pension Plan ("the insolvent plan") that was wound up in 2012. Using a discount rate of 2.5% (2019 - 2.40%) the future liability of the top-up to 90% for the retirees of the Federation has been estimated at \$157,600 (2019 - \$180,900). During the year ended August 31, 2020 voluntary payments of \$19,855 (2019- \$19,855) were made to retirees of the Federation who are only receiving 67% of their original pension entitlement from the insolvent plan. A recovery of \$23,300 (2019 - \$1,700) has been recorded in the financial statements reflecting a change in the present value of the liability during the year.

#### 9. Budget

The budget figures as presented were approved by the Board of Directors at the August 2019 Board meeting and are unaudited.

#### 10. Employee future benefits obligation

The Federation has a single employer defined benefit pension plan. Benefits are based upon a percentage of an employee's best average earnings multiplied by pensionable service. As of April 1, 2014, the benefit formula changed to career average. The latest actuarial valuation for funding purposes was performed as at April 1, 2019. The fair value of plan assets and accrued benefit obligation are as follows:

	<u>2020</u>	<u>2019</u>
Fair value of plan assets Accrued benefit obligation	\$ 11,900,600 <u>(8,919,500)</u>	\$ 10,467,700 (8,486,700)
Employee future benefit obligation	<u>\$ 2,981,100</u>	\$ 1,984,000

The effective date of the next required actuarial valuation for funding purposes is April 1, 2022.

#### 11. Commitments

a) The Federation is committed to leasing office equipment under various operating leases. The minimum annual payments under these leases are as follows:

2021	\$	22,768
2022		22,768
2023	_	2,636
	\$	48,172

b) As an accredited farm organization, the Federation has a commitment to pay to the L'Union des Cultivateurs Franco-Ontariens ("UCFO") each year an amount equal to 1.5% of its registration revenue less refunds from the payments received from all farming businesses pursuant to the Farm Registration and Farm Organizations Funding Act 1993 (the 'Act"). This commitment exists for all accredited general farm organizations.

#### 12. Project management revenues

The Federation is engaged by various parties to administer the following programs. The Federation's involvement varies by program and is outlined in the respective agreements. The fees earned for these activities are included in income. Where the Federation is active in managing and/or delivering the program, the related revenue and expenses are reported in the statement of operations. Where the Federation has an oversight or an administrative role and the delivery is provided by another party, the activities related to these contracts are reflected in the transactions reported through the project fund accounts of the Federation and are not included in the statement of operations.

August 31, 2020

#### 12. Project management revenues (continued)

Project management revenues and expenses are comprised of the following:

			2020	_	2019
Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) Other	(A)	\$_	0 521,516	\$_	15,401 543,557
		\$	<u>521,516</u>	\$	558.958

A) The Federation was previously engaged by OMAFRA to facilitate the development and delivery of conservation technology activities under the direction of the Best Management Practices Project Team. These activities were carried out in accordance with the Agreement Respecting Support for Technology Transfer Activities under the Canada/Ontario Environmental Sustainability Agreement. These contracts are now suspended.

#### 13. Project funds received in advance

Project funds received in advance represents unspent project funds. During the year, the Federation incurred expenditures and received monies from funding arrangements as follows:

	<u>2020</u>	<u>2019</u>
Opening balance Expenditures incurred Additional monies received in current year Closing Balance	\$571,102 (344,080) <u>296,890</u> <u>\$523,912</u>	\$607,565 (327,770) _291,307 \$571.102

#### 14. Financial instruments risk

#### Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Federation is exposed to credit risk resulting from the possibility that a customer or counterparty to a financial instrument defaults on their financial obligations. The Federation's financial instruments that are exposed to concentrations of credit risk relate primarily to project funds receivable and receivables. This risk has not changed from the previous year.

August 31, 2020

#### Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Federation is exposed to other price risks on its investments, which include investments in shares and bonds and on the accrued pension obligation.

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Federation is exposed to interest rate cash flow risk due to the construction loan bearing interest at a floating rate. Fluctuations in this rate will impact the cost of financing incurred in the future.

#### 15. Material Uncertainty

On March 11, 2020, the World Health Organization characterized the outbreak COVID-19 as a pandemic which has resulted in a series of public health and emergency measures that have been put in place to combat the spread of the virus. The Federation has been able to continue operations during this time period with no negative impact, and the Federation does not foresee any future negative impact.

#### 16. Construction Loan

As at August 31, 2020, the Federation has access to a non-revolving construction loan with Scotiabank for a total of \$2,400,000. The Federation has accessed \$1,254,340 as at August 31, 2020. Interest on the loan is subject to an interest rate of prime plus 0.25% and the tenure of the loan is until March 31, 2021.

The construction loan is secured by a general security agreement providing second charge over the assets and a collateral mortgage of \$4,000,000 over the property at 200 Hanlon Creek Boulevard in Guelph, Ontario. The carrying amount of the land and building as at August 31, 2020 is \$3,989,266.

The Federation is required to meet a debt service coverage ratio of at least 1.25 to 1.0.
